

Suggested materials

Everyday Creativity is about doing your thing - whatever creative work you enjoy doing. Therefore the materials you require are really up to you and what your creative goals are. However the monthly project briefs do ask you to try out certain tasks and for these you will need some basic materials. All project tasks are optional and adaptable. That is to say that you can take the task and amend it or change it to suit your available materials or your current creative endeavors. With this in mind, below is a list of materials that you might like to consider having to hand during the course. There is no need to buy anything new if you already have them or something similar. Where I have given a link, this is **just a suggestion** of products and where to get them by mail order. Feel free to source you own at a supplier of your choice.

If you have questions about materials please contact us on the Every Creativity website.

Basic materials - useful for a wide variety of 2D art projects drawing and painting etc.

Pencils - 2B 4B 6B (one of each is fine, if you have just one of these 'b's that's fine too')

Coloured pencils (water soluble or not) [LINK HERE](#)

Watercolour set [LINK HERE](#)

Acrylic paint set [LINK HERE](#)

Optional extra colour to add to your acrylic starter set - crimson [LINK HERE](#)

Brushes [LINK HERE](#)

Glue - glue stick or PVA (small pot) [LINK HERE](#)

Drawing paper (thickness: at least 120gsm) [LINK HERE](#)

Charcoal [LINK HERE](#)

Optional materials - suitable for specific projects that you might like to tackle.

Colour pastels [LINK HERE](#)

Canvas board or a stretched canvas. Choose sizes that you feel comfortable with and that suit your project. [LINK:HERE](#)

A sketchbook, any size to suit you.

Scrap materials to gather from round the house

Jam jars or other pots for water pots.

Old newspapers, magazines, flyers, leaflets etc for collage material

White china plate - makes a good pallet for watercolour or acrylic.
